

### **Expectations of the Aviators Host Home Family:**

- **Have a bedroom and use of a bathroom for the player.** Two beds in one room for two players is fine, however, under no circumstances can a player share a bedroom with a non-player. Players are expected to keep both the bedroom and bathroom clean.
- **Use of laundry facilities.** You may want the player to do his own laundry or you may want to do it for him...you just have to let him know.
- **Within reason, have food available for the player.** However, if the player wants special things such as special drinks, special snacks, etc...he should pay for those and get them himself.
- **The one thing the players need is plenty of rest.** With their baseball schedule, rest is limited at best. It is important that they have a place to go if they want to get away from other activities going on in the Host Home. Also, there may be times that you will have to suggest that they get more rest. Remember...they play 60 games in 70 days and 30 of those games are on the road. Sometimes they will be arriving home at 2:00 am or 3:00 am and will need sleep.
- **Underage drinking is not allowed.** Sometimes your player will bring one of the other players home with them...make sure of their age if there is alcohol. We strongly discourage drinking and partying for all of our players and would appreciate your help with this but have to be extra careful with players under 21 years of age.
- **One of the main things you can do is speak with your player upon arrival about any expectations or rules you may have.** That will alleviate any future problems.
- **If you have any problems or feel uncomfortable with your player, please let me know immediately.** The sooner problems are addressed the sooner they can be fixed.
